PARAMUS, NJ

ROBOTICS HACK

Build with robots and 3D printers for a day.

Open to every Bergen student. All experience welcome. No pre-reqs.

DATE	TIME	LOCATION
FRI · NOV 20	9AM–6PM	STEM STUDENT RESEARCH CENTER

WHY JOIN

01 Hands on real hardware
Robot kits, robot arms and 3D printers, not slides about them.

02 Learn AI by using it
Students try current AI tools on a real build problem.

03 Any major, any level
No pre-reqs. Dual enrollment students welcome too.

04 Demo to industry judges
5pm demos. The winning team keeps its robot kit.

05 Keep building after
Office hours with robotics engineers and a December showcase.

06 Free pizza lunch
Plus coffee + pastries. Free parking in any lot.
