MADISON, WI

ROBOTICS HACK

Build with robots and 3D printers for a day.

Open to every Madison Tech student. All experience welcome.
No pre-reqs.

DATE	TIME	LOCATION
SAT · NOV 14	9AM–6PM	MADISON TECH MADISON, WI

WHY JOIN

01 Hands on real hardware
Robot kits, robot arms and 3D printers, not slides about them.

02 Learn AI by using it
Students try current AI tools on a real build problem.

03 Any major, any level
No pre-reqs. Curiosity is enough. Teams are formed on the day.

04 Demo to industry judges
5pm demos. The winning team keeps its robot kit.

05 Keep building after
Office hours with robotics engineers and a December showcase.

06 Breakfast + lunch
Food is on us for everyone building.
